About the Composer

Andrew Boysen Jr. (b. 1968) is presently a professor in the music department at the University of New Hampshire, where he conducts the wind symphony and teaches conducting and composition. Under his leadership, the UNH wind symphony has released six recordings and been invited to perform at regional conventions of the College Band Directors National Association and National Association for Music Education. Previously, Boysen taught at Indiana State University and Cary-Grove (IL) High School, and was the music director and conductor of the Deerfield Community Concert Band. He remains active as a guest conductor and clinician, appearing with high school, university and festival ensembles across the United States, Great Britain, and Australia.

Boysen earned his Doctor of Musical Arts degree in wind conducting at the Eastman School of Music, where he served as conductor of the Eastman Wind Orchestra and assistant conductor of the Eastman Wind Ensemble. He received his Master of Music degree in wind conducting from Northwestern University in 1993 and his Bachelor of Music degree in music education and music composition from the University of Iowa in 1991.

He maintains an active schedule as a composer, receiving commissions from festival, university, and high school concert bands across the United States. Boysen won the International Horn Society Composition Contest in 2000, the University of Iowa Honors Composition Prize in 1991 and has twice won the Claude T. Smith Memorial Band Composition Contest, in 1991 and 1994. Boysen has several published works with the Neil A. Kjos Music Company, Wingert-Jones Music, Alfred Music, Masters Music, and C. Alan Publications, including pieces for band, orchestra, clarinet and piano, and brass choir. Recordings of his music appear on the Sony, R-Kal, Mark, St. Olaf and Elf labels.

About the Composition

Apples was commissioned for Randy Atkinson and the Taft Middle School 7th-8th Grade Band (Cedar Rapids, IA) upon the occasion of Randy's retirement after 30 years of teaching, including 15 years at Taft and 15 years at neighboring Linn-Mar High School. After discussion with Randy's daughter, herself a local music teacher, and Bob Manson, a former colleague and friend at Taft, the piece is intended to focus on Randy's energetic personality, one which endeared him to his students. The piece is minimalist in nature, using the number 15 as a generating force and structured using a process in which repeating layers enter and leave after playing their passage three times. Each of these layers is 5 measures long with 3 beats to the measure (15 beats per passage). The basic melodic cell for the piece begins with a harmonic 3rd moving to a harmonic 5th.

Kjos Music's Guide to © Copyright

Composers rely on the income that their compositions generate, and it is the job of the copyright holder to protect the work from infringement. Copyright laws can be pretty tricky to navigate, so here are a few helpful tips to guide you through the process.

Adjudicator Copies

During contest and festival season, the majority of the inquiries we receive concern making photocopies of scores to meet specific requirements for the judges at a festival.

If you're performing a concert selection out of one of our method books (*Tradition of Excellence, String Basics: Steps to Success, First Place for Jazz*, among others), permission may already be given to make the necessary photocopies for judges at these festivals. Please refer to the notices printed in the teacher score on the specific piece.

If a student is performing a solo from one of the method books listed above, permission is already given. In addition, a photocopy may be given to the accompanist.

Extra scores for our band and string repertoire (*Beginning BandWorks, BandWorks, Conservatory Editions, StringTracks, and Steps to Successful Literature*, among others) are available for purchase from your favorite music dealer. If you're performing a work from a series that's not listed above, please contact us for permission.

Making an Audio or Video Recording

A license is required any time you make an audio or video recording of a copyrighted work. Audio recordings are compulsory, meaning, we can't deny your request; you just need to apply for the Mechanical License and pay the royalty. The royalty rate is set by the Library of Congress. For current rates, please visit www.copyright.gov.

The license to make a video of a performance, known as a Synchronization License, is not compulsory. Permission must be obtained from the copyright holder before distributing any copies, regardless if they are being sold or given away for free.

Arranging for Marching Band or Another Ensemble

We're pleased to grant licenses to make a marching band (or other) arrangement of one of our concert works. However, permission is required before work can begin, and there are a few works whose composers have indicated that they do not want their compositions to be altered. Please contact us to make sure the piece you're interested in is available for licensing.

If you're planning to play the original piece without **any** alterations or additions, then a license isn't needed. However, for example, if you're rewriting the brass parts for marching instruments (mellophones, bugles), or adding marching percussion, or making cuts, adding repeats, or creating a medley with another composition, a license is required.

What If I Want To ... ?

If you'd like to use a composition in **any** other way, please contact us and we would be glad to advise you.

Contest and festival season is a busy time for our Copyright Office. Please contact us at least **three weeks** before your concert date so that we may help you in time. Please visit www.kjos.com and click on the Licensing tab to find out more information or to submit a license request.

We're so pleased that you've chosen to perform one of our pieces! We appreciate your support and we want to make the licensing process as easy as possible for you.
